**Enquiry focus and aim of trial of a method:**

**Focus = topic**

**Aim = reason(s)/purpose(s)/research question(s) – to test the effectiveness of the method to achieve intended results/outcomes**

My study would focus on the ways teachers cope with stress.

**What method do you plan to trial? Give some detail of your plan and how you intend to go about undertaking the trial**

The trialing method to be commenced in the research would be a set of interview questions that could populate the data for my research questions.

**In order to answer my research questions, I intend to do a qualitative method for my research whereby I will interview 3 PYP teachers...**

*(list out the steps – can be in point form)*
